The US Concert was HOT! + GREAT!

D'el San Francisco Ca.

I've got concert tapes from '67 → US. They're a band beyond description, like Jehovah's Favorite choir.

James N Glendale Ca

Thanks a bunch for the calendar! Oregon concert sounded like very hot → Dupree's Diamond Blues!!! Must have been a shocker!

Where is Covina? Found your newsletter at the Seattle show Aug 29. A great show it was - superb, rich Cassidy, long sumptuous Wharf Rat into Not Fade Away into Sugar Magnolia... a cappella Weir & Garcia on He's Gone... powerful US Blues encore. After show ended, all lights up + many leaving a great crowd stomp ensued - lasted a solid 20 minutes, very VERY LOUD + cheerful dancin! ecstatic. Ended with 5 minutes of cheering and applause for ourselves. Wonderful energy never been anything like that phenomenon, all by itself --

What are you all about? I'm a grad student at Univ of Wash & a passionate Deadhead. Haven't missed a New Year's show in years.

Thanks for the fine cheer and published Dead Energy. Please keep me forever on your mailing list!

Need to switch backpack please contact thru Mikel. My first Deadshow was at St. Louis May 15, 77 need tape/list.

DEAD COVERS IT'S ALL OVER NOW BABY BLU

This Garcia song first appeared on Bob Dylar album, Bringing It All Back Home (Columbia CL 2328), March '65. It contains the line, "Forget the Dead you left, they will not follow you."
